Tahir Pathan (タヒル・ パタン)

AI Engineer | Python | LLMs | AI & Machine Learning Enthusiast
Nadiad, Gujarat, India

Summary

I am a BCA student and aspiring AI Engineer passionate about building intelligent applications using Python, Machine Learning, and Generative AI. I enjoy developing AI-powered solutions, automating workflows, and writing clean, maintainable code. I am continuously expanding my skills in LLMs, Deep Learning, and modern AI technologies while building real-world projects that solve practical problems.

Project Title: E-Commerce Website

Description:

A basic e-commerce website developed using HTML, CSS, and JavaScript. It allows users to browse products, add them to a cart, and proceed to checkout. The site includes user login, product categories, and a responsive design. This

project demonstrates core web development skills and understanding of online shopping systems.

Education

Sardar Patel University (SPU), Vallabh Vidyanagar
