Objective

A motivated and results-oriented BCA (Honours) final-year student with strong analytical, problem-solving, and communication skills. Possesses practical experience in software development, project execution, and team collaboration. Committed to continuous learning, professional growth, and contributing effectively to organizational success.

Education

Sardar Patel University

Bachelor of Computer Applications (BCA) (Honours) – CGPA: 8.88/10, Multiple Academic Ranks
(1st-3rd)

Vallabh Vidyanagar, Gujarat

July 2023 – October 2025

Gujarat Secondary and Higher Secondary Education Board

Higher Secondary Certificate (HSC) – Commerce

Gujarat

April 2021 – March 2023

AMUL SAP Digital Literacy Programme

Digital Literacy for Adolescents – Certificate Course

Gujarat

3 Months

Technical Skills

Languages: Python, JavaScript, SQL, HTML5, CSS3

Frameworks & Libraries: Django, Flask, React.js, Node.js, Express.js, Bootstrap, Tailwind CSS

Backend & Database: RESTful APIs, JSON, JWT Authentication, bcrypt, OOP, MongoDB, MongoDB Atlas, MySQL, SQLite

Tools & Platforms: Git, GitHub, VS Code, PyCharm, Postman, Vite, Socket.IO, EmailJS, Docker, Netlify, Render, Vercel

Core Competencies: Full Stack Development, Backend Architecture, Problem Solving, Data Structures

Experience

Web Developer Intern

TechnoGuide InfoSoft Pvt. Ltd.

October 2025 – November 2025

Anand, Gujarat

- Developed scalable web applications using Python, Django, and modern web technologies
- Collaborated with development teams to design and implement efficient backend solutions
- Applied object-oriented programming principles to create maintainable and robust code

Web Developer Intern

Jinarth Infotech

June 2025 – August 2025

Anand, Gujarat

- Developed a comprehensive college dashboard using Django framework with full backend logic implementation
- Designed and managed relational databases using SQL, optimizing queries for improved performance
- Implemented CRUD operations and RESTful API endpoints for seamless data management

Projects

Ubar-Cloan – MERN Uber Clone | React.js, Node.js, Express.js, MongoDB, Socket.IO, JWT

Jul 2026

- Built a production-ready MERN stack Uber clone with real-time ride booking using Socket.IO and OpenStreetMap-based distance/fare calculation
- Implemented secure JWT authentication and RESTful APIs; deployed via Render, Netlify, and MongoDB Atlas

Tannu Tailoring – Certification Platform | React.js, Python, Django, JWT, Vite

May 2026

- Engineered a decoupled full-stack platform (React/Vite frontend + Django REST API backend) for digitizing student certification issuance and public verification
- Implemented JWT-based authentication with role-based dashboard routing; deployed on Netlify and Render with 100% uptime

College Management System | Python, Django, MySQL, HTML, CSS, JavaScript

2024

- Engineered a full-stack college management platform for attendance tracking, document sharing, and student-teacher communication with role-based access

Achievements

Consistently ranked 1st to 3rd in multiple university-level coding competitions and technical challenges

Maintained SGPA of 8.88/10 throughout BCA program demonstrating strong academic performance

Completed professional certifications in JavaScript and Python, validating technical expertise

Languages Known

Gujarati (Native) | Hindi (Fluent) | English (Proficient)
